I
get
it.

What if
a train
comes,
though?

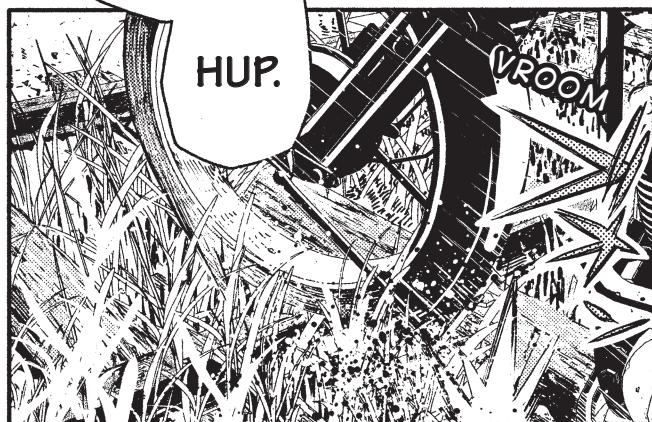

So that's
what those
directions
meant.

They
said a
motorrad
should be
able to
traverse
it.

I don't think
it's in use
anymore...

The track's
overgrown
with weeds,
and the rails
are rusty.

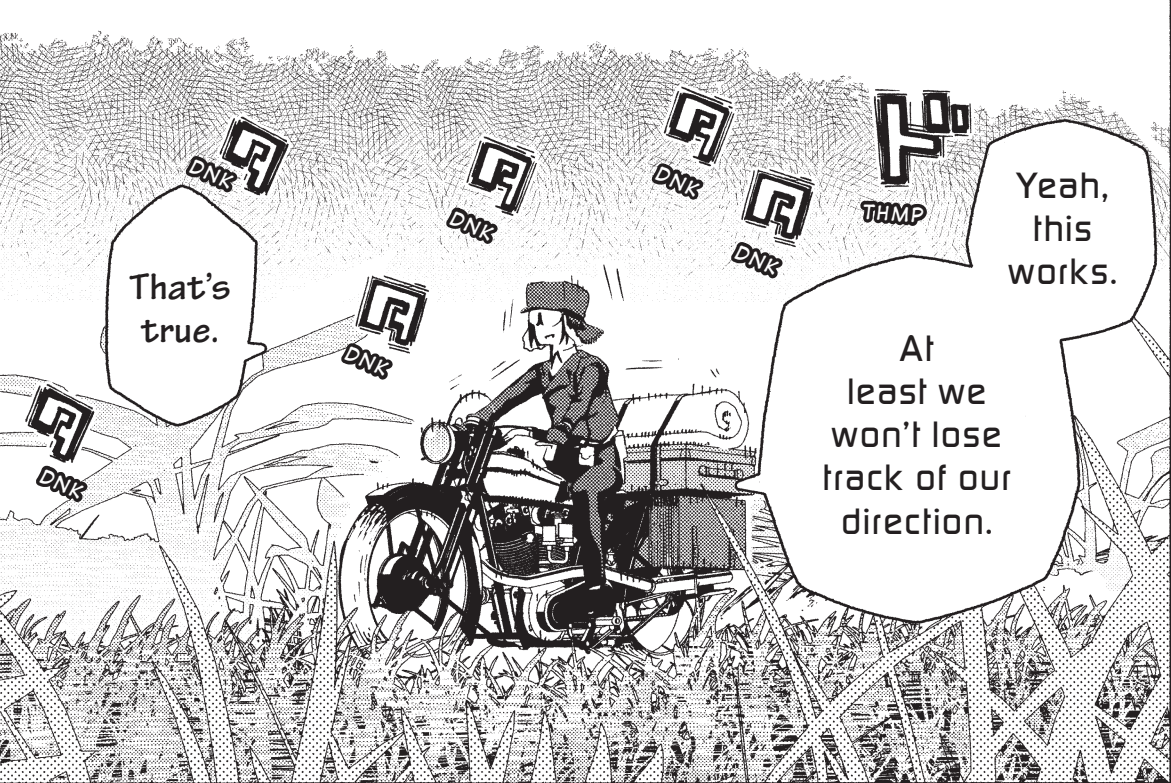

HUP.

vrooom

That's
right.

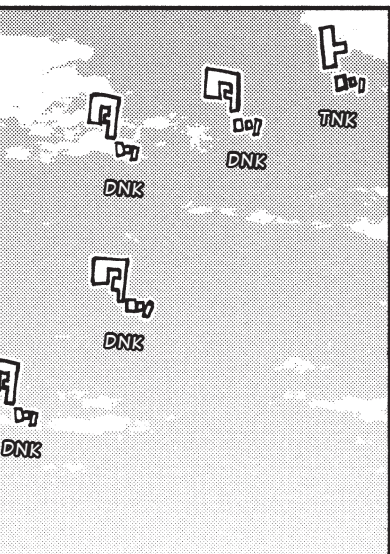

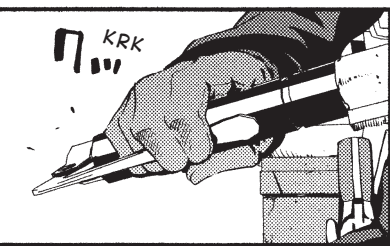

A
railroad
track!

That's true.

Yeah, this works.

At least we won't lose track of our direction.

Kino, there's someone up ahead.
