

The Story So Far: Since Donatello disappeared, Leonardo and April O'Neil have, unbeknownst to them, been working with a version of Leo's protégé, Bob, from the future. Now this evil Bob has made his presence and allegiance to Armaggon known! However, just as he gained the upper hand, Michelangelo, Koya, and an astral projection of Bludgeon arrived to turn the tide!

And in the future, Donatello made telepathic contact with Armaggon and learns the monster's intentions: to travel back to feudal Japan and eat the human Hamato family BEFORE they're reincarnated as turtles!
